President's Post

Thanks to Andy Werback, EAA Ch 124 Pres.

Well, it's about time to Wrap up 2018 – Was it a good year? I hope so. We had four excellent Young Eagle events, thank you everyone who volunteered and participated!... Dave Franco got the Flight Watch (now his) C172 put back together and became the Membership Coordinator... We had excellent presentations and Chapter meetings, along with very enjoyable dinners courtesy of Sam and our able volunteers... We hosted a Chapter Leaders seminar with EAA National. Our involvement with the Pacific Coast

Air Museum was also excellent, with the EAA booth, exhibition flying and the Saturday night volunteer dinner.

We tried to do some STEM and special projects, but didn't get too far. The DART organization, on the other hand, is starting to get some traction. 2019? Well, it's your Chapter! Let's get involved!!

Membership – Please help to get the message out and respond! Membership for 2019 is now Due! Only \$35. Let's add some pages to that roster!! Please see John Whitehouse with some clams (\$\$\$) and make sure we have you in next year's roster.

Elections - Thank you Nominating Committee - Jim Boyer, Dave Franco, Bob Gutteridge, and CJ Stephens. Please welcome our new and returning officers – Marlon Young for President, Ben Barker for Vice President, John Whitehouse returning as Treasurer, and Josh Hochberg and Dan Steinhoff returning as Directors. Please welcome Bob Gutteridge back as a Director! And thank you Steve Barnes for serving as a Director. But – late breaking news – Stephen Mann has resigned for personal reasons, so we Are Looking for a Director. And a Secretary...your's truly has offered to do that for awhile, pending Board approval.

November Presentation - Thank you Art Hayssen for a fun and educational evening about Mountain Flying and Back Country Adventures – with personal experiences from Africa, Alaska, Canada, Idaho, and the Sierra. Very cool. And some really nice pictures of those nasty cloud formations that we're supposed to look out for and understand what they mean.

Also thanks to Mike McDonnell for some awesome video of the High Sierra Fly-In – Mike Patey's Draco is really cool (turboprop Wilga, with lots of customized parts and features). If you haven't seen it, this is a pretty good recap - <https://www.youtube.com/watch?v=3KS9NkpXShg>

Please Welcome New Member – Bob Starr! And New Visitor Matthew Luna. And I ran into Quincy Zlotnick a couple of days ago – he's doing well, senior at UCLA, looking at his options – maybe some Grad school?

EAA National – You should have received an email from EAA Chapters regarding a Chapter Survey. Please take a few minutes

to respond – it's not the same as last time, a bit easier to navigate, but please let them know your thoughts.

Notes from Around the Area - Dave Franco displayed his wind tunnel at North Bay Science Fair, along with PCAM's UH-1 Huey. And speaking of PCAM, have you noticed that the Museum has MOVED?? Go check it out – everything is in the new lease area, around the Butler Hangar. Bring your friends, they need the \$\$\$! Besides, you might enjoy it and become a volunteer...

Pot Luck! We did this last year for the December meeting. Give Sam a bit of a break. We'll provide some nice juicy baked ham, and ask for everybody to bring something to share. Call or let Sam know what your plans are so we can coordinate a bit – not too many desserts, for instance.

In January, we'll figure out the assignments for the presentations in 2019, and in March we'll vote on the Best Chapter Presentation, so stay tuned.

Signing off. It's been fun!

Andy
